Important Information

Important Things to Remember

- Be sure that all providers (doctors, labs, x-rays, etc.) participate in-network for the best coverage.
- The choices you make now will remain in effect until the next open enrollment period, unless you experience a family status change.
- **This book highlights some of the main features of your benefit programs, but does not include all plan rules, features, limitations or exclusions. The terms of your benefit plans are governed by legal documents, including insurance contracts. Should there be any inconsistencies between this book and the legal plan documents, the plan documents are the final authority. SEDL reserves the right to change or discontinue its benefit plans at any time.**

Pre-Existing Condition Limitation Notice

This plan imposes a preexisting condition exclusion. This means that if you have a medical condition before coming to our plan, you might have to wait a certain period of time before the plan will provide coverage for that condition. This exclusion applies only to conditions for which medical advice, diagnosis, care, or treatment was recommended or received within a six-month period. Generally, this six-month period ends the day before your coverage becomes effective. However, if you were in a waiting period for coverage, the six-month period ends on the day before the waiting period begins. The preexisting condition exclusion does not apply to pregnancy nor to a child who is enrolled in the plan within 30 days after birth, adoption, or placement for adoption.

This exclusion may last up to 12 months (18 months if you are a late enrollee) from your first day of coverage, or, if you were in a waiting period, from the first day of your waiting period. However, you can reduce the length of this exclusion period by the number of days of your prior "creditable coverage." Most prior health coverage is creditable coverage and can be used to reduce the preexisting condition exclusion if you have not experienced a break in coverage of at least 63 days. To reduce the 12-month (or 18-month) exclusion period by your creditable coverage, you should give us a copy of any certificates of creditable coverage you have. If you do not have a certificate, but you do have prior health coverage, we will help you obtain one from your prior plan or issuer. There are also other ways that you can show you have creditable coverage. Please contact us if you need help demonstrating creditable coverage. **All questions about the preexisting condition exclusion and creditable coverage should be directed to Human Resources.**

HIPAA Privacy Notice

HIPAA requires SEDL to notify you that a privacy notice is available. **Please contact Human Resources if you have any questions.**

The Women's Health and Cancer Rights Act

The Women's Health and Cancer Rights Act of 1998 requires group health plans that provide coverage for a mastectomy to provide coverage for certain reconstructive services. This law also requires that written notice of the availability of the coverage be delivered to all plan participants upon enrollment and annually thereafter. This language serves to fulfill that requirement for this year. These services include:

- Reconstruction of the breast upon which the mastectomy has been performed;
- Surgery / reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment for physical complications during all stages of mastectomy, including lymphedemas.

In addition, the plan may not:

- Interfere with a participant's rights under the plan to avoid these requirements; or
- Offer inducements to the healthcare provider, or assess penalties against the provider, in an attempt to interfere with the requirements of the law.

However, the plan may apply deductibles, coinsurance, and co-payments consistent with other coverage provided by the plan.

Medicare D Notice

Important Notice from SEDL About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with SEDL and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. SEDL has determined that the prescription drug coverage offered by the SEDL is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from November 15th through December 31st.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current SEDL coverage will not be affected. If you do decide to join a Medicare drug plan and drop your current SEDL coverage, be aware that you and your dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with SEDL and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to join.

Medicare D Notice

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information or call **Gallagher Benefit Services, Inc. at (800) 492-8005**. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through SEDL changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

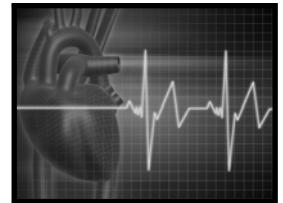

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Eligibility and Enrollment

The open enrollment period for eligible COBRA participants will be March 26, 2010 to April 22, 2010. The new benefit plan will be effective May 1, 2010.

- Individuals may make changes or add dependents without having to provide proof of insurability during the open enrollment period.
- Open enrollment applies to Medical, Dental, and Flexible Spending Account coverage.
- The open enrollment period is the only time participants may enroll in the above listed coverage without the occurrence of a qualifying event (see definition below).
- You and/or your dependents will receive a HIPAA Certificate of Creditable Coverage at termination from your previous carrier to provide proof of prior coverage.

Making Enrollment Changes During the Year:

In most cases, your benefit elections will remain in effect for the entire plan year (May 1st - April 30th). During the annual enrollment period, you have the opportunity to review your benefit elections and make changes for the coming year.

You may only make changes to your elections during the year if you have one of the following status changes:

- Marriage, divorce or legal separation;
- Gain or loss of an eligible dependent for reasons such as birth, adoption, court order, disability, death, reaching the dependent child age limit; or
- Significant changes in employment or employer-sponsored benefit coverage that affect you or your spouse's benefit eligibility.
- Your benefit change must be consistent with your change in family status.

IRS regulations require that for enrollment due to the qualifying events above, change forms must be submitted to your benefits office within 30 days of that qualifying event. Contact your Human Resources office for these forms.

Medicaid and the Children's Health Insurance Program (CHIP)

If you are eligible for health coverage from your employer, but are unable to afford the premiums, some States have premium assistance programs that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for employer-sponsored health coverage, but need assistance in paying their health premiums.

If you or your dependents are already enrolled in Medicaid or CHIP, and you live in one of these States, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, your employer's health plan is required to permit you and your dependents to enroll in the plan - as long as you and your dependents are eligible, but not already enrolled in the employer's plan. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance.**

Medical Terms and Conditions

We understand that, for many people, satisfying your family's health care needs is the first thing you look for in your benefits package. For 2010, SEDL is pleased to provide you with a choice of comprehensive medical plans. Please review each option and consider how it will benefit you and your family members.

PPO Terms and Conditions

** Note: Pre-Existing Condition Limitations do not apply to current COBRA participants who have been enrolled on the health plan for 12 months.

- **Pre-Existing Condition Limitations:** Conditions treated or diagnosed six months prior to your hire date will not be covered for 12 months unless you have maintained continuous coverage for the past 12 months with no more than a 63-day gap in coverage. You should receive a HIPAA certificate at termination from your current carrier to provide proof of coverage. **It is important that you keep this certificate and/or complete this section on the new carrier's application to avoid future claims being denied.**
- **Benefit Payments:** For benefits received in the Network, you are responsible only for your co-payment or deductible amount and coinsurance. Your provider will file the claim. Benefits for Non-Network visits are payable on a reimbursement basis only. You can be subject to additional charges over the reasonable and customary allowed amount.
- **Co-payment:** Co-payments for office visits and prescription drugs do not count toward the deductible or out-of-pocket maximum on the Copay Plan. The deductible on the High Deductible Health Plan (HDHP) does count toward the maximum out of pocket.
- **Dependent Age:** Your dependent children are eligible for coverage on your Medical and Dental plans until the age of 25. They are eligible for Optional Life and Enhanced AD&D coverage until age 23, or to age 25 if a full-time student.
- **Domestic Partners:** Same and opposite sex domestic partners qualify for coverage on the Medical and Dental plans. See Human Resources for an Affidavit of Domestic Partnership Form.
- **Calendar Year Deductible/Out-of-Pocket Maximum:** Expenses incurred towards your calendar year deductible and your out-of-pocket maximum are credited on a calendar year basis. A calendar year is January 1st - December 31st. Your deductible and out-of-pocket maximum will restart January 1st each year; regardless of the expenses you incurred in the prior calendar year or when your annual open enrollment period occurs.

EMPLOYEE INFORMATION

- The following applies to dependent coverage:
 - Dependent children covered for maternity benefits.
 - Automatic coverage for newborns for the first 31 days following birth. Infants not enrolled for coverage within the first 31 days after birth will not be eligible for coverage until the following open enrollment period or special enrollment event.
- Payments: Network providers agree to accept amounts negotiated with BCBSTX and are paid according to this BCBSTX determined Allowable Amount. Covered individuals are responsible for any required Deductibles, Coinsurance or Out-of-Pocket Amounts, and Copayments. Plan benefits paid to Out-of-Network providers are based on the BCBSTX-determined Allowable Amount. These providers may balance bill covered individuals for charges in excess of the BCBSTX Allowable Amount. The covered individual will be responsible for charges in excess of the Allowable Amount in addition to any applicable Deductibles, Coinsurance or Out-of-Pocket Amounts, and Copayments. For cost savings information, refer to the section on ParPlan Providers and the definition of Allowable Amount in the benefit booklet.
- Preexisting Conditions: This term is defined in the benefit booklet. Conditions determined to be preexisting are excluded for 12 months. Appropriate credit will be given for time served under another health benefit plan as defined under the law.
- Replacement of Medical Coverage: In compliance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and Texas State law, the following provisions apply to each eligible Participant who has health coverage under the employer's plan immediately prior to the effective date of the health contract between the employer and BCBSTX (the Contract Date):
 - Benefits for eligible expenses incurred for any service or supplies prior to the contract date, are not covered under the contract.
 - Eligible Expenses for services or supplies incurred on or after the effective date will be considered for benefits subject to all applicable contract provisions.
- Deductible (Embedded): The benefits of the Plan will be available after satisfaction of the applicable Deductible. The Deductible will be increased in the future in direct proportion to the increase as determined from the cost-of-living adjustments based on the Consumer Price Index (CPI-U). The Deductibles are explained as follows:
 1. The individual Deductible amount as shown on this Benefits Highlights under "Calendar Year Deductible," must be satisfied by each Participant under your coverage each Calendar Year. This Deductible, unless otherwise indicated, will apply to all combined Inpatient Hospital Expenses, Medical-Surgical Expenses, Extended Care Expenses, and Special Provisions Expenses you incur during a Calendar Year. This Deductible must be satisfied by each Participant under your coverage each Calendar Year before any benefits are available under the Plan.
 2. If you have several covered Dependents, all charges used to apply toward a "per individual" Deductible amount will be applied toward the "per family" Deductible amount shown on this Benefits Highlights. When that family Deductible amount is reached, no further individual Deductibles will have to be satisfied for the remainder of that Calendar Year. No Participant will contribute more than the individual Deductible amount to the "per family" Deductible amount.
- Out-of-Pocket Maximum: Most of your Eligible Expense payment obligations are applied to the Out-of-Pocket Maximum. The Out-of-Pocket Maximum will be increased in the future in direct proportion to the increase as determined from the cost-of-living adjustments based on the Consumer Price Index (CPI-U).
 1. The Out-of-Pocket Maximum will not include:
 - Services, supplies, or charges limited or excluded by the Plan;
 - Expenses not covered because of a benefit maximum has been reached;
 - Any Eligible Expense paid by the Primary Plan when BCBSTX is the Secondary Plan for purposes of coordination of benefits;
 - Penalties for failing to obtain preauthorization;
 2. When the Out-of-Pocket Maximum amount for the In-Network or Out-of-Network Benefits level for a Participant in a Calendar Year equals the "per individual" "Out-of-Pocket Maximum" shown on this Benefits Highlights for that level, the benefit percentages automatically increase to 100% for purposes of determining the benefits available for additional Eligible Expenses incurred by that Participant for the remainder of that Calendar Year for that level.
 3. When the Out-of-Pocket Maximum amount for the In-Network or Out-of-Network Benefits level for all Participants under your coverage in a Calendar Year equals the "per family" "Out-of-Pocket Maximum" shown on this Benefits Highlights for that level, the benefit percentages automatically increase to 100% for purposes of determining the benefits available for additional Eligible Expenses incurred by all family Participants for the remainder of the Calendar Year for that level. No Participant will be required to contribute more than the individual Out-of-Pocket Maximum to the family Out-of-Pocket Maximum.

Health Savings Account

Participants in the SEDL High Deductible Health Plan (HDHP) may be eligible to open a Health Savings Account.

A Health Savings Account (HSA) is a tax-advantaged account participants can use to pay for qualified health expenses they incur while covered under a High Deductible Health plan. HSA dollars may also be used to pay for non-qualified health expenses, however the dollars will be taxable income and subject to a 10% penalty. HSA dollars which can be contributed by the employee or others, accumulate over time with interest; investment earnings are tax-free and are portable after employment.

Eligibility Requirements:

In order to open a Health Savings Account, you **MUST** meet the following requirements:

- Covered by the SEDL qualified HDHP
- **NOT** covered by another health insurance plan that is not a qualified HDHP including:
 - * A spouse's medical plan
 - * Medicare
 - * Tricare
 - * Note: Does not apply to specific injury, accident, disability, dental care, vision care and/or long term care insurance plans.
- **NOT** have received VA benefits within the past 3 months
- **NOT** participating in an employer-sponsored unlimited Flexible Spending Account
- **NOT** claimed as a dependent on someone else's tax return
- Your spouse may **NOT** participate in an unlimited Flexible Spending Account.

HSAs allow:

- **Tax-free** contributions by employee or others
- **Tax-free** growth of interest or investment earnings
- **Tax-free** distributions of principal and interest to pay for qualified medical expenses
- **Accumulation** of unused funds and **portability** between employers. No "Use it or Lose it" rules. Portable from employer to employer and across state lines.
- **Flexible use** – You choose whether or when to use the account for health expenses, now or after employment.

In addition to Paying for Current Expenses, funds can be used to pay for:

- COBRA premiums
- Long-term Care premiums
- Out-of-Pocket expenses for Medicare
- Medical insurance during unemployment
- Services not covered under a future health plan

Health Savings Account

If you are covered under the qualified High Deductible Health Plan and meet the eligibility requirements you may open a Health Savings Account (HSA). HSA plans are intended to be used to pay for healthcare for the individual and his or her covered dependents. Distributions from an HSA to pay for qualified health care expenses are not taxable. Qualified health care expenses are expenses which are:

- Incurred for the individual, his/her spouse or a tax dependent;
- Eligible as defined in Internal Revenue Code Section 213(d) – generally defined as expenses for the diagnosis, cure, mitigation, treatment or prevention of disease;
- Not reimbursed by insurance or another health plan; and
- Not deducted on the individual's tax return.

Over-the-counter drugs and medicines can be reimbursed from the HSA as long as they meet the criteria set out in Internal Revenue Code Section 213(d).

Medical expenses that may be reimbursed through a Health Savings Account under IRS Code Section 213 include (but are not limited to) the following:

- Deductible payments;
- Coinsurance payments;
- Dental care not provided through another health insurance plan;
- Prescription drugs;
- Over-the-counter drugs;
- Emergency ambulance service;
- Chiropractic services;
- Eyeglasses and/or contact lenses;
- Hearing devices;
- Psychiatric care; and
- Psychologists' fees.
- Acupuncture

*** You are responsible for the eligibility of all items and keeping receipts for tax purposes ***

Not all expenses that are qualified health care expenses under the HSA count towards the satisfaction of the calendar year deductible. ie; over the counter medications

Health Savings Account

Contributing to your HSA

When you participate in an HDHP, you set aside money to pay for eligible out-of-pocket expenses. Money can be contributed to your HSA by you or anyone else. The IRS 2010 calendar year maximums for these savings accounts will be as follows:

HSA Contributions for 2010:

	2010 Annual Max
Single Coverage	\$3,050
Family Coverage	\$6,150
Catch-up provision for ages 55 & older	\$1,000

A Calendar Year is the 12-month period of January 1st - December 31st

If you are age 55 or older, you can make an additional contribution amount of \$1000. **The HSA cannot receive contributions after the individual has enrolled in Medicare.** For the most current HSA contribution information, please go to the U.S. Dept. of Treasury web site at <http://www.ustreas.gov/offices/public-affairs/hsa>.

****Note for Newly Eligible and Partial Year Participants:** If you become newly eligible to contribute to an HSA during the year, you may contribute the maximum contribution for the year (without incurring taxes or a penalty on the amount of the contribution) provided you continue to remain eligible for a 13 - month period beginning December 1 of the year in which you become eligible and ending on December 31st of the following year.

If you are eligible to contribute to an HSA for a partial year (less than 12 months between January 1st and December 31st) and do not remain eligible for the 13 - month period shown above, then your excess HSA contributions will be subject to Federal income taxes and a 10% penalty. Please contact your tax advisor for assistance determining if your partial year contributions will be subject to taxes and penalties.

Using your HSA

With an HSA, your contributions, earnings and eligible withdrawals are all tax-free at the federal level. As long as your withdrawals are used to pay for qualified health care expenses, you won't pay taxes. Contributions that SEDL makes to your HSA are yours. There are no vesting requirements or forfeiture provisions. And unlike flexible spending accounts, HSAs do not have a "use it or lose it" requirement. Your account balance rolls over from year to year and may earn interest - tax-free at the federal level. You may contribute to your account until the April 15 tax deadline following the year for which you want to make contributions.

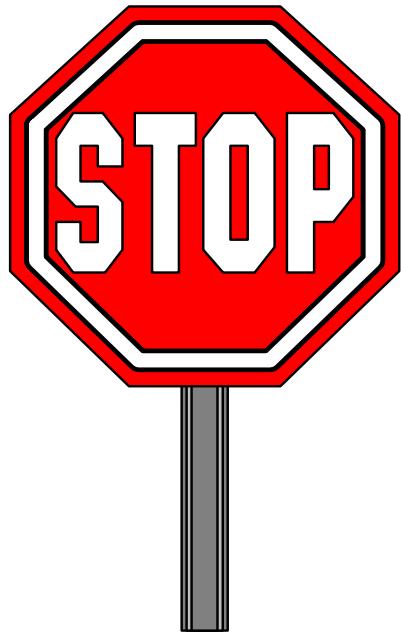

Tax Filing

You will receive a 1099SA and a 5498SA and be required to file Form 8889 with your annual tax return. Please see your tax advisor if you have any questions.

Health Savings Account

**If your Spouse is enrolled
in a Flexible Spending
Account**

**You may NOT contribute to a
Health Savings Account**

A Flexible Spending Account (FSA) is considered first dollar coverage for the Beneficiary and their Dependents therefore you may not open your HSA until your Spouse no longer participates in a FSA.

The terms of your benefit plans are governed by legal documents, including insurance contracts. Should there be any inconsistencies between this book and the legal plan documents, the plan documents are the final authority.
